1PM-2PM	LECTURE	LAB		Independent Learning	
2PM-3PM	LECTURE				
3PM-4PM					

- In person lecture attendance is highly encouraged but non-mandatory. All lectures are livestreamed for synchronous viewing and ECHO captured for asynchronous learning via video and/or podcast.
- Practice of Medicine is the clinical skills course at ISMMS.

- Student Life/Services programming is centered on career planning, student services, wellness, learning skills, and professional identity formation.
- The THINQ curriculum provides research methodology, evidenced-based medicine skills and deep dives into areas of concentration topics.
