

# GRADUATE MEDICAL EDUCATION

## Resident and Fellow of the Month: May 2024

### Gabrielle Kamalani, MD

Resident (PGY3), Emergency Medicine  
Mount Sinai Morningside/Mount Sinai West

**Service to patients and/or families:** "One of Dr. Kamalani's most admirable qualities is her exceptional ability to thrive in high-pressure situations. In the fast-paced environment of the emergency department, where split-second decisions can mean the difference between life and death, Gabbi consistently demonstrated poise, decisiveness, and resourcefulness. Her capacity to remain composed under duress not only inspired confidence among her colleagues but also instilled a sense of reassurance in patients and their families during moments of crisis. Beyond their clinical prowess, Gabbi consistently demonstrated exemplary interpersonal skills and a genuine empathy for those under her care. Patients and colleagues alike were drawn to her compassionate bedside manner, active listening, and unwavering advocacy for patient rights. In an era where healthcare can often feel impersonal, Gabbi served as a beacon of warmth and humanity, embodying the true spirit of patient-centered care."

### Koby Caplan, MD

Fellow (PGY5), Geriatric Medicine  
The Mount Sinai Hospital

**Service to their peers; Service to patients and/or families:** "Dr. Caplan is a true gem. He exemplifies profound dedication and genuine compassion in his approach to the care of his patients. Koby's warmth and empathy creates a comforting atmosphere for patients and their families. Beyond his clinical duties, he is one of the QI coaches for our program. He consistently goes above and beyond, setting a remarkable example for us all, while remaining approachable and accessible to everyone. His commitment to excellence and his unwavering support makes him not only an exceptional physician but also a cherished colleague and friend."
